

After interviewing pressure washer users around the country, we designed the G 2600 VH from the ground up with the most requested features, including convenient quick connect couplings for the high-pressure hose and a wand stabilizer grip to reduce wrist and forearm fatigue while cleaning. The result is a pressure washer that is versatile, attractive and affordable. The G 2600 VH sports many other industry-leading features, including a detergent tank with adjustable flow control, a folding handle for easy storage and an upright frame with 10" pneumatic tires and metal wheels. As with our other G-series pressure washers, the G 2600 VH uses technology borrowed from our successful line of commercial products, including a commercial-grade pump with brass pump head developed exclusively by our German engineers. The G 2600 VH is also equipped with a reliable, easy to start 161cc HP Honda GCV 160 engine and a set of four patented Pro-Style nozzles. The G 2600 VH represents great value, offering German engineering at an affordable price. An excellent choice for the first time gasoline pressure washer buyer!

<b>Hard surface cleaners</b>								
T350 Wide Area Surface Cleaner	1	2.641-005.0					For cleaning surfaces such as patios, terraces and driveways without splashback, there is no better solution than Kärcher's T350 Wide Area Surface Cleaner. It saves time by cleaning a 13" wide area gently as it hovers, providing consistent, streak-free cleaning. When you finish cleaning the patio and driveway, remove the wand and use the handle to clean garage doors and other vertical surfaces. Includes two height-adjustable nozzles which spin at high speed for optimum streak-free cleaning. Our top selling accessory for Kärcher gasoline pressure washers. (Fits Kärcher gasoline pressure washers rated at 2400-2650 PSI)	<input type="checkbox"/>
<b>Spray lances</b>								
DirtBlaster™ Rotary Nozzle	2	2.640-856.0					Kärcher's patented Dirtblaster™ nozzle provides large area coverage with almost the same cleaning power as a solid pencil jet! This is achieved by a high-pressure pencil jet rotating at approximately 4,000 RPM, which increases the effective cleaning pressure of your pressure washer by up to 50%! Unsurpassed at removing stubborn dirt and solvents! (Warning: Not recommended for delicate or painted surfaces). Includes pre-assembled Quick Connect adapter. Fits Kärcher gasoline pressure washers with a rating of 2600-3600 PSI.	<input type="checkbox"/>
<b>Special applications</b>								
Set of 5 Quick Connect High Pressure Spray Nozzles	3	2.640-849.0					Set of 5 Kärcher quick connect high pressure spray nozzles. Use to replace damaged nozzles or to upgrade to a complete set. Includes 0° (red, stainless steel, concentrated pencil jet), 15° (yellow, stainless steel, high performance), 25° (green, stainless steel, multi-purpose), 40° (white, stainless steel, sensitive surfaces) and 65° (black, brass, low pressure detergent application) nozzles. Fit Kärcher gasoline pressure washers with quick connect fittings with a rating of 2600 PSI to 3200 PSI.	<input type="checkbox"/>
