

Kärcher's G 3200 OC is a compact powerhouse that generates 3200 PSI, more than 60X as much pressure as a typical garden hose. An uncluttered design with easy access to the engine and pump offers unrivaled ease of use and serviceability. The G 3200 OC uses technology borrowed from Kärcher's commercial products, including a German engineered, commercial-grade pump with brass head that comes with its own 5 year limited warranty! Equipped with a durable welded frame that outlasts typical riveted/bolted frames, pneumatic tires with metal wheels and quick connect throughout, the G 3200 OC is a dedicated work horse that delivers on the Kärcher Promise: Cleaner. Quicker.
