MASSEY FERGUSON

GC1700 Series

FROM MASSEY FERGUSON®

A world of experience. Working with you.

**INTRODUCING THE NEW AND IMPROVED
GC1700 SERIES COMPACT TRACTORS
FROM MASSEY FERGUSON®.**

WE'LL QUIT WHEN YOU QUIT.

DON'T LET THE COMPACT SIZE FOOL YOU. THESE TRACTORS GIVE YOU MORE VERSATILITY, DEPENDABILITY AND COMFORT THAN EVER BEFORE.

Once again, Massey Ferguson® has reinvented what compact tractors can be. Redesigned what they look like. And redefined what they do.

With up to 25 gross engine horsepower, these easy-to-drive, multitasking GC1700 Series workhorses deliver straightforward, intuitive performance in a compact-sized machine. Because they handle everything from mowing, loading and backhoe work to snow-blowing and hauling, they're perfect for:

- General farm and property maintenance
- Small-scale road and land grading
- Horse farms
- Hunting properties
- Small mixed and specialty farms
- Landscaping
- Construction
- And more

THE PERFECT ALL-AROUND MACHINE FOR TACKLING THE CHORES YOU FACE EVERY DAY. TODAY. AND TOMORROW.

Whether you're a small property homeowner or a seasoned pro, everything about the Massey Ferguson GC1700 Series is designed and engineered to help you get a wide variety of jobs done right. Now, and as your needs evolve in the years ahead.

EASIER & MORE COMFORTABLE TO USE

The operator's station has been improved to make the transition from lawn tractor to sub-compact even more seamless. All major controls and functional pedals are now easier to reach and operate, located in familiar, intuitive locations. A large, flat foot deck offers easy entry and exit. And a new and improved seat makes the whole operating experience even more comfortable.

PRO-QUALITY MOWING DECKS

The 10-gauge stamped steel, full-floating decks deliver a top-notch cut on every type of terrain. All spindle assemblies are made of cast iron for greater durability, compared to aluminum-cast spindles. Perfect for residential or commercial use.

ADD A LOADER FOR OUTSTANDING MATERIAL HANDLING

With dual-bucket cylinders and exceptional bucket rollback angles, Massey Ferguson Compact Series loaders deliver better performance than single-cylinder loaders. Efficient hydraulic pumps deliver higher output at lower RPM than most competitive models.

A BACKHOE THAT FITS LIKE A GLOVE

The GC1700 Series works seamlessly with the full-size, 6.5-ft. CB65 backhoe, which offers features the competition doesn't. Fully integrated four-point sub-frame, large-diameter cylinders, industry-leading cycle times and our exclusive Boom Float Control make this the most versatile, stable and easy-to-operate backhoe in its class.

SPECIFICATIONS*

| MODEL | MFGC1723E | MFGC1723EB | MFGC1725M | MFGC1725MB |
|--|---|---------------|--------------------|---------------|
